

TRL SECURITY

LAST LINE OF DEFENCE

INTEGRITY  **RELIABILITY**  **SERVICE**

Capability Statement

TRL Security specialize in high quality security solutions with a focus on service and value.

Our core values of Integrity, Reliability and Service are echoed in every member of our team, from directors to team leaders and frontline operators.

“We are committed to being the best, not the biggest. Excellence in Execution.”

INNOVATION

As technology constantly improves, so do our systems, processes and platforms. We strive to be on the cutting edge of technological systems in the industry to deliver exceptional service, in real time, anywhere.

Utilizing secure cloud storage, mobile devices, specialized report systems and legislative integration, we are able to deliver reports, analytics and site information in real time direct to stakeholders, accessible anywhere.

TRAINING

At TRL we believe our staff are our greatest assets. We invest in bi-monthly ongoing training sessions for all staff.

Course content is tailored to include site specific requirements, security climate trends and industry standard best practices.

TRL Security have developed, tried and tested the ATM Conflict Management System which forms the core of all guard training.

CORE SERVICES	OUR STORY
